

BSET

British Society of
Endovascular Therapy

BSET/ROULEAUX CLUB NATIONAL VASCULAR TRAINING DAY

Wednesday 28th June 2023

Tortworth Court Hotel, Wotton-under-Edge, South Gloucestershire

TIME	EVENT	VENUE
8.30am	REGISTRATION AND ARRIVAL TEA/COFFEE	
9.20am	WELCOME	
9.30am – 12pm:	CASE BASED DISCUSSIONS AND MASTERCLASS TUTORIAL	
	Aortic Aneurysm CBD & JAAA Masterclass	Brunels
	<i>Learning objectives:</i> Assessment and management of elective aneurysms and assess suitability for EVAR Endovascular techniques to treat EVAR complications e.g. endoleaks Indication and basic techniques, and pitfalls to JAAA endovascular repair	
	<i>Faculty: Paul Bevis, Pete Holt, Martin Claridge, Bijan Modarai</i>	
	Aorto-iliac occlusive disease CBD & Visceral Segment PAD Masterclass	Victoria
<i>Learning objectives:</i> Indications of intervention for aorto-iliac disease Different modalities for intervention for aorto-iliac disease (Open vs Endo) Options, basic techniques, and pitfalls for management of visceral segment PAD		
<i>Faculty: Paul Moxey, Colin Bicknell, Hos Nasr, Becky Sandford, Simon Neequaye</i>		
Carotid disease CBD & Carotid Interventions Masterclass	Room at the Top	
<i>Learning objectives:</i> Assessment and management of patients with carotid artery disease and indication for intervention (BMT vs intervention) Surgical management of patients with carotid artery territory symptoms (understand the selection for Carotid Endarterectomy and stenting) The technique and indications for carotid stenting and understand the usage of the component parts (guidewire, catheter and protection device placements)		
<i>Faculty: Patrick Chong, Emma Wilton, Dave Bosanquet, Ralph Jackson</i>		
Peripheral Endovascular CBD & BTK Limb Salvage Masterclass	Nightingale	
<i>Learning objectives:</i> Infra-inguinal PAD assessment, particularly, CLTI and indications for interventions using the appropriate angioplasty, and stenting skills within the lower limbs (+/-IVL/ATX) Key management of BTK limb salvage and options for revasc – discuss BEST CLI and BASIL2		
<i>Faculty: Thanos Saratzis, James McCaslin, Katharine Lewis, Nadeem Shaida</i>		

12 – 1pm	LUNCH	
1 – 5pm	PRACTICAL SESSIONS	
	<i>Delegates will be split into four groups and will rotate between the following:</i>	
	EVAR Planning (1 hour)	Brunels
	<i>Learning objectives:</i> Planning for infra-renal AAA and exposure to less straightforward infra-renal case e.g., hostile neck	
	<i>Faculty: Paul Bevis, Hos Nasr, Becky Sandford</i>	
Aortic Simulators (1 hour)	Palmerston/ Asquith	
<i>Learning objectives:</i> To practice a standard EVAR		
<i>Faculty: Colin Bicknell, Patrick Chong, Pete Holt, James McCaslin</i>		
Peripheral Simulators (2 hours) (2 groups – one hour each)	Gladstone & Disraeli	
<i>Learning objectives:</i> To practice safe access and closure To practice straightforward SFA and Iliac plasty and stenting		
<i>Faculty: Paul Moxey, Emma Wilton, Katharine Lewis, Thanos Saratzis, Dave Bosanquet, Simon Neequaye, Ralph Jackson</i>		
Group 1 (Red)	EVAR (1-2pm), Aortic (2-3pm), Peripheral (3-5pm)	
Group 2 (Blue)	Aortic (1-2pm) EVAR (2-3pm) Peripheral (3-5pm)	
Group 2 (Yellow)	Peripheral (1-3pm) EVAR (3-4pm) Aortic (4-5pm)	
Group 4 (Green)	Peripheral (1-3pm) Aortic (3-4pm) EVAR(4-5pm)	
7pm:	DRINKS RECEPTION	Orangery
7.45pm:	DINNER	

6 hours CPD has been awarded by the RCSEd - RCSEd0971

This meeting has been sponsored by:
